Facial Treatments

We proudly use and recommend the ASAP skin care range. ASAP is a medical grade skincare line which is Australian made and owned. The scientifically formulated products provide visible results for all skin concerns, using highly active cosmeceutical ingredients, to promote younger, fresher and healthier looking skin.

Mini Facial (30mins)

\$65

A quick pick me up for the skin. Starting with a Double Cleanse, Exfoliation, Treatment mask, finished off with a serum and cream selected by your therapist to suit your skins needs.

Classic Facial (45mins)

\$85

Designed to cater for your skins individual needs at a deeper level. A thorough double cleanse, exfoliation with steam and extractions, a mini facial massage followed by a treatment mask, finished off with a specialised serum eye and neck cream.

Advanced Facial (60mins)

\$95

The ultimate facial experience, this luxury facial your skin feeling like new. We tailor the facial to individual needs, starting with a thorough double cleanse, exfoliating away the dead skin cells, steaming and extracting any skin impurities. We spoil you with a therapeutic massage with sensual serums and creams to not only hydrate, nourish and rejuvenate the skin but also stimulate the lymphatic system, removing any build-up of toxins. It also incorporates a microcurrent device that works with your muscle memory to lift and tone your face and reduce fine lines and wrinkles for a more youthful appearance instantly. This facial includes led light also

ASAP Peel

\$89

Peels can significantly improve the appearance of skin imperfections, ASAP's range of peels provide a non-invasive exfoliation procedure helping to exfoliate and loosen the outermost layer of dead skin. All skin types will benefit from ASAP peel and your therapist will choose a peel best suited to your skin.

Facial Treatments

Microdermabrasion with sonophoresis

\$135

A gentle procedure that deeply exfoliates and polishes the skin, removing the dead skin to cells and unclogging pores. We spoil you with a therapeutic massage with sensual serums and creams to not only hydrate, nourish and rejuvenate the skin but also stimulate the lymphatic system, removing any build-up of toxins. It also incorporates a microcurrent device that works with your muscle memory to lift and tone your face and reduce fine lines and wrinkles for a more youthful appearance instantly. Followed by Sonophoresis, which uses ultrasonic technology significantly increase the absorption rate of active ingredients into the deeper layers of the skin. This treatment will leave your skin feeling smooth and hydrated. This facial includes led light also

Dermatude

Dermatude, the facelift Alternative. A Solution for people who want more than skin care however do not want injections and fillers. Dermatude uses the unique and innovative Meta therapy treatment; it works by creating microscopic perforations to the skin to activate the body's natural repair mechanisms, stimulating the natural production of collagen and elastin. The 100% natural technique improves fine lines, wrinkles, pigmentation, scarring, acne and overall skin texture and colour.
